Special Events

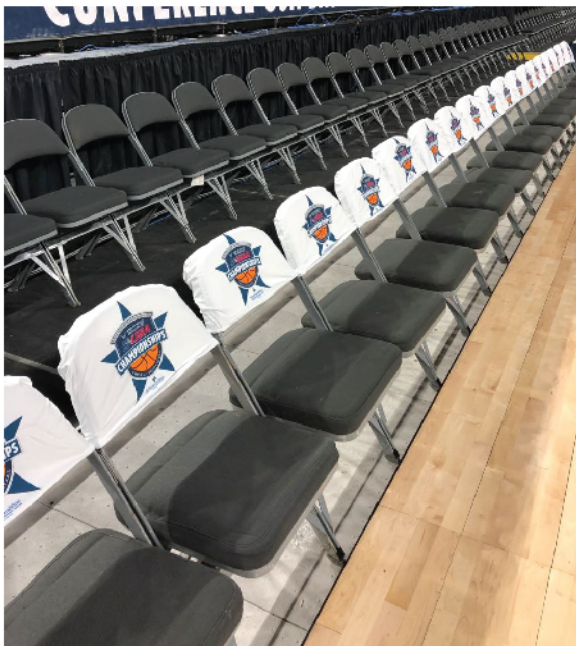

A casino branded their chairs with a custom cover that includes their logo along with Row/Seat numbers, creating an easy way for guests to find their seats.

This "RESERVED" chair cover was custom sized to fit these seats and are being used to ensure these seats are used by the right demographic.

Sports

A basketball conference wanted to let sponsors know where to sit. They put their conference logo on the front with "SPONSOR" on the back.

Here we've created an athletic "jersey" look with the design. We can print almost anything you want as long as there is no license infringement.

VIP / Sponsors

These custom chair covers were made for an outdoor amphitheater that wanted to recognize their donors with a personalized cover for their lawn chair. No need to use “paper signs” and have to worry about the weather!

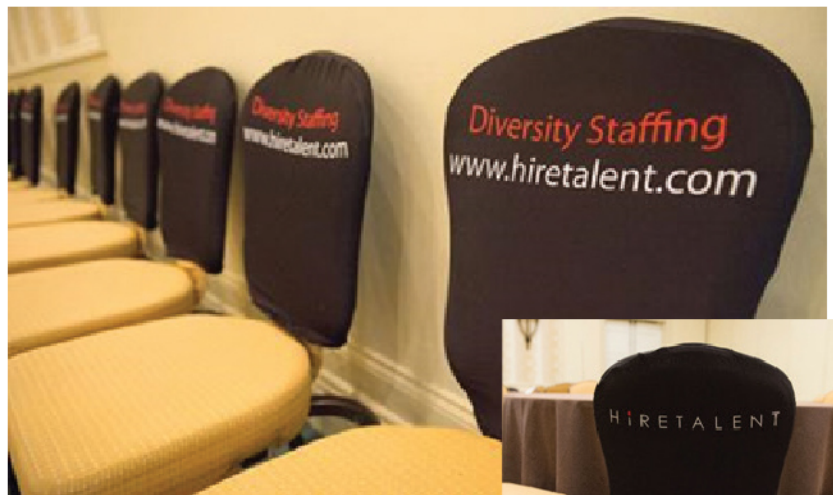

Chair bands are another economical way to identify your special guests.

Advertising

With co-op dollars you can put your logo on one side and theirs on the other!

A conference sponsor used chair covers to advertise their firm.

Minimum Quantity: 25

Production Time: Typically 7-10 days. Depends on quantity.

Shipping: Included

Art Charges: Included

Standard Size: 18"W x 11"H

Custom Size: Require a photo of chair being used. After looking at your chair, we'll let you know what measurements we'll need to create your template. We ALWAYS request a preproduction sample on custom sizes so that we (and you) are assured of a proper fit. There is a \$40 charge for this, but it is deducted from the final invoice once the order is placed.

Print: Full color dye sublimation on front and back.
